

ACM at UCLA COVID-19 Policy Spring 2022

This policy is informed by the [COVID Protocol Updates for Spring Quarter](#), [UCLA COVID Protocols](#), [COVID protocol Engineering Leadership Workshop with Dean Bruce Dunn](#), [UCLA COVID-19 Community Screening Protocol](#), [University of California SARS-CoV-2 Vaccination Policy](#), and [UCLA COVID-19 Pivot Plan Decision Matrix](#).

UCLA COVID policies always supersede policies in this document.

Please note that “*required*” means a policy will be actively enforced; “*encouraged*” means a policy is highly recommended but not actively enforced.

Policy measures marked with * are relaxations to COVID protocols that are anticipated to go into effect on April 11 ([COVID Protocol Updates for Spring Quarter](#)). These relaxations are contingent on UCLA COVID protocols and prevailing public health conditions. ACM’s PVP will review these measures as soon as further updates/guidance is received from UCLA and will update this policy accordingly.

ACM does not anticipate organizing any mega-events (1000 or more attendees) in Spring Quarter. For guidance on mega-events and any questions on ACM’s COVID policy, please contact ACM’s COVID compliance POC at acm@ucla.edu.
